Colorado Access has served this state's healthcare system since 1994.

**Colorado Access Choice** brings that experience to the individual market, with health insurance plans built by people who live and work here.

# Choose the plan that fits.

**Colorado Access Choice** offers Bronze, Silver, and Gold plans, available on and off the Connect for Health Colorado exchange, including Colorado Option plans.

**Local expertise.** Our team understands Colorado's providers, communities, and healthcare landscape because we've worked with them for more than 30 years.

**Plans that make sense,** designed to be easy to understand, easy to explain, and easy to use.

**Support based here.** Questions get answered by a Colorado-based team that knows this market.

**Bronze.** Lower monthly premiums with higher deductibles. A good fit if you visit the doctor less often but want coverage when you need it.

**Silver.** A balance of monthly premium and out-of-pocket costs. If you qualify for savings based on income, Silver plans can lower your deductibles and copays too. Only Silver plans offer this extra level of savings.

**Gold.** Higher monthly premiums with lower costs each time you get care. A good fit if you or your family use healthcare services frequently.

Financial help is available. Most people who enroll through Connect for Health Colorado qualify for savings on their monthly premium.
